3RD ANNUAL **MedDevice Asia**

3rd Annual Med Device Asia 2016

<http://www.meddeviceasia.com/>

22-24 November 2016

Jakarta, Indonesia

IBC's **3rd Annual Med Device Asia** is Indonesia's leading healthcare decision making forum, collocated with the 3rd Annual Indonesia Healthcare Summit, it aims to bring together Hospital Management, KOLs, Laboratories, Healthcare Providers, Medical Centers, Clinics, Government, Medical Device & Equipment Companies, Diagnostic Companies and Technology Providers under 1 roof to discuss the opportunities and tackle the challenges to Indonesia's burgeoning healthcare market!

Held in the country home to the **4th largest population in the world** with a Government progressively moving towards quality and insured healthcare provision for the entire population by 2019, **3rd Annual Med Device Asia from 22-24 November, Jakarta**, is the definitive place to showcase scientific advancements, innovative ideas, technologies, trends with regional Government, Diagnostic Companies, KOLs, Industry Associations and Clinicians to discuss ways of addressing the growing needs of the largest healthcare market in South East Asia.

2016 Highlights
